Welcome to BARONY COUNTRY FOODS

We originally started Barony Country Foods in a small converted byre at Carse of Ae Farm, near Dumfries in 1998. From its modest conception the company has steadily expanded whilst gaining an enviable reputation for our excellent produce and service. We now send our produce, not only to hotels and restaurants in Dumfries and Galloway, but to quality establishments and private customers all over the UK.

In summer 2015 continued success encouraged the ambitious move to our current location in the historic town of Lochmaben. Our new premises were purpose built with state of the art refrigeration and a bright new shop where customers can browse and purchase our products from counters displaying our exceptional selection of fresh fish, shellfish, frozen and deli produce.

With our well informed, enthusiastic team we aim to make your visit to Barony Country Foods a very pleasant experience.

Our shop at Barony Country Foods was awarded 4 Star Tourist Shop status by Visit Scotland and we have maintained this status through to 2017/2018

We are also very proud to announce that Barony Country Foods was awarded with Dumfries and Galloway Life Magazine's "Producer of the Year" for 2016/2017

Our shop is open from 9am until 3pm from Tuesday to Saturday. There is ample parking with wheelchair access and disabled parking right beside our door.

Every year from around June until the beginning of September, we buy wild salmon and seatrout from the fishermen who operate the haaf nets on the Solway Firth. This method of catching salmon has been practised on the Solway since the days of Robert the Bruce. It is widely recognised as the most sustainable method of commercial salmon fishing and is completely dependent on weather conditions and stock levels being plentiful. These salmon are available whole or prepared to your own specification.During this short season we also oak smoke a proportion of these wild fish and these are available in the same pack sizes as our standard smoked salmon range.
